

FREE virtual family learning sessions for parents and carers

Want to help parents to support their child's learning at home?

The Early Years Alliance has launched a series of free, friendly and interactive accessible virtual sessions to help parents to better understand their child's development and how they can support their early learning in the home environment:

-  **BEING TOGETHER, MY BABY AND ME:** Virtual sessions for families with babies, covering topics such as baby brain development, sensory play and early language and communication.
-  **PARENT CONNECT:** Informal Zoom sessions where parents and carers can discuss and learn about a range of topics including outdoor play, promoting positive behaviour and preparing for reception.
-  **LET'S LEARN TOGETHER @ HOME:** A three-week virtual programme which brings families together through fun, practical learning and play activities to help extend children's learning into the home.
