

# Lost child policy

## Procedure

In the unlikely event of a child going missing whilst in the nursery, the following procedures will be implemented immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The nursery manager will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate and thorough search of the nursery, followed by a search of the surrounding area, whilst ensuring that some staff remain with the other children so they remain supervised, calm and supported throughout
- The manager will call the police as soon as they believe the child is missing. The parents of the missing child will also be contacted
- A second search of the area will be carried out
- During this period, available staff will be continually searching for the missing child, whilst other staff maintain as near to normal routine as possible for the rest of the children in the nursery
- The manager will meet the police and parents
- The manager will then await instructions from the police
- Any incidents must be recorded in writing as soon as practicably possible including the outcome; who was lost, time identified, notification to police and findings
- Tiny Oaks Day Nursery's Director and Ofsted must be contacted and informed of any incidents
- In the unlikely event that the child is not found the nursery will follow the local authority procedure
- With incidents of this nature parents, carers, children and staff may require support and reassurance following the traumatic experience. Management will provide this or seek further support where necessary
- Post-incident risk assessments will be conducted following any incident of this nature to enable the chance of this reoccurring to be reduced

Regular head counts are carried out on children throughout outings. In the unlikely event of a child going missing whilst on an outing the following procedure will be implemented immediately:

- All staff will be aware of the procedure when a child goes missing and supply information to support the search, e.g. a recent photograph and a detailed description of clothing
- The organiser will be informed immediately and all staff present will be informed. Some staff will be deployed to start an immediate and thorough search of the area, ensuring that all other children remain supervised, calm and supported throughout
- If appropriate, on-site security will also be informed and a description given
- The designated person in charge will immediately inform the police
- The designated person in charge will then inform the nursery who will contact the child's parents giving details of what has happened. If the whole nursery is on an outing, all contact details will be taken on the trip by the person in charge
- During this period, staff will be continually searching for the missing child, whilst other staff maintain the safety and welfare of the remaining children
- It will be the designated person in charge or the manager's responsibility to ensure that there are adequate staff to care for the children and get them back safe, a member of staff to meet the police and someone to continue the search
